ACADEMICS

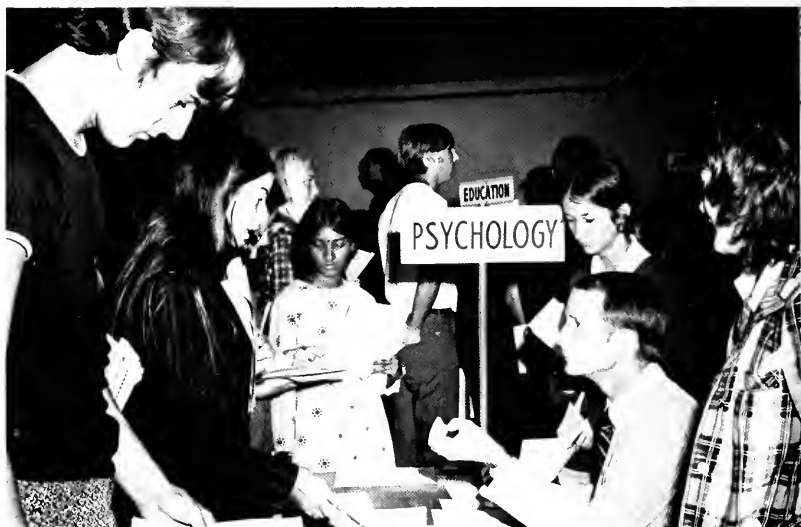

1973 INTERLACHEN DEDICATION

Everyone has seen him around campus, but most probably don't know him by name. Freshmen meet him before any other college official when having their class picture made. They've again seen him at convo, sports events, etc. And he'll probably be the last FSC person they'll see when he "shoots" graduation. He came to Lakeland in 1952 from Los Angeles. He's been at FSC longer than most professors. This is the 20th Interlachen that he's helped put together. The 1973 Interlachen is most deservedly dedicated to the man who truly made this book possible . . . A man who truly loves working with students though never giving tests or grades . . . A man whose big heart can't really be concealed from those who know him . . . A man whose first love is photography and his second is golf . . . Florida Southern's college photographer . . .
